Alternate Art Cards

=

Cards that are an alternate art of a standard issue card are allowed to be used in place of the standard issue card as if it was a copy of that same card. This does not allow a deck to contain more than 4 copies of a single card.

Reprinted Cards

=

When cards have the same name as cards from a previous UniVersus product where the symbols, difficulty, and check are all the same and the game text is identical or nearly identical, they can be considered the same card. Changes in terminology like 'vitality' to 'health' or 'add this card to your staging area' to "build it" should NOT be considered different functionality. If an old version of a card did not have a block and has been reprinted with a block, all versions of the card are considered to now possess a block.

Characters without Difficulty / Check Value

Character cards with a difficulty and a check value may be included in your deck. Character cards not possessing these values may not be included in your deck, but can be used as your starting character.
